IFB# 85-05/20/16**

**1.0 General Requirements**

Greenville County is requesting bids from vendors who can provide medical supplies for the Emergency Medical Services Division. It is not the intent of the County of Greenville to "write out," or eliminate any potential vendor by listing brand names. However, the Greenville County EMS has standardization on certain items. The specifications are written on these items that are packaged to fit into their compartments, drug boxes, etc. or that are packaged in containers most suitable for transporting on the ambulances. Some items are brand name specific due to the desired quality standards or because of compatibility with associated storage space. Some examples of these items are suction canisters, sharps containers, C-Collars and one-way valves. However, any vendor that would like to deviate from the specified name brand shall provide samples and documentation to show that a product is **EQUAL TO** or **BETTER THAN** in quality.

No addenda will be issued later than five (5) working days prior to the date for receipt for bids except an addendum which, if necessary, postpones the date for receipt of proposals or cancels this IFB. Vendors shall acknowledge receipt of all addenda with their Bid.
